SELECTION PROCESS

The process consists of an initial assessment day to test team work and personal attitude. The selected candidates move on to the next stage of the Recruitment Day.

The Recruitment Day takes place within the Lefay Resorts and is divided into two parts: in the morning the managers give a presentation of the brand, followed by an individual presentation of the candidates. After that, candidates have a light lunch to discover the Lefay SPA menu. In the afternoon individual interviews and practical tests are carried out.

The second edition of the Lefay SPA Academy is scheduled for July 2024. Dates will be announced shortly.
